REASONS

TO WORK WITH US

Introduction

South Moravian Innovation Centre (JIC) aims to promote innovative entrepreneurship and commercialisation of R&D in South Moravian Region. JIC brings together universities, R&D institutions and industry in a powerful partnership that aims to maximise the contribution of R&D to regional and national economies.

South Moravian Innovation Centre was founded in 2003. Its founders are the **South Moravian Region**, the **City of Brno** and four local universities: **Masaryk University**, **Brno University of Technology**, **Mendel University in Brno** and **University of Veterinary and Pharmaceutical Sciences Brno**.

The activities of South Moravian Innovation Centre are carried within the framework of the **Regional Innovation Strategy of South Moravian Region**.
